BC Shared Health Services

The Growing eReferrals Network

Thank you for being part of the growing Digital Referrals & Orders (DRO) network. Whether your clinic is live or onboarding, your participation is helping improve care coordination and streamline referrals for providers and patients. Together, we are building a more efficient referral experience across BC, and the DRO team is committed to supporting your success every step of the way. More information can be found on the website, here.

Use the region links below to quickly navigate to the corresponding section and view live and onboarding clinics in each area. While this document is updated monthly, you can view the continuously expanding network anytime on Healthmap.

Interested in joining the program? Complete the short onboarding intake form and book your first meeting with the DRO team. Please note:

- There is no cost to participate in the program.
- Doctors of BC provides compensation to physicians and clinic staff for time spent on onboarding and training. Learn more about funding and compensation.

BC Shared Health Services acknowledges the territories of First Nations around BC and is grateful to carry out our work on these lands. We acknowledge the rights, interests, priorities and concerns of all Indigenous Peoples – First Nations, Métis, and Inuit – respecting and acknowledging their distinct cultures, histories, rights, laws and governments.
